

Ref. 1111

AD REMOVE

Additive against sunscreen cream stains.

It's a recovery liquid based on sequestering agents for garments with stains of creams, greases, and suntan lotions in lingerie, hotel and SPA textiles (sheets, towels, bathrobes, pillowcases, etc.). It prevents linen greying. Also, its application increases the useful life of the washed garments. Improves detergency and reduces rejection. It is effective in all water kinds. Washing additive for **PROLIQUID** or **Soft Laundry System®** ranges. The product is designed to be applied manually or with **PGS® Systems** dosing equipment. Available with eco-friendly **ECO SAFETY®** bag-in-box packaging for a safer application.
